

## HOW IT WORKS?

- We design engineer businesses for optimal energy efficiency solutions.
- We purchase and install quality energy saving equipment while giving you a share of the savings.
- We guarantee performance and resolve issues at no cost to you for the entire term (typically 3-10 years).
- At the end of the term, you keep the equipment and 100% of the savings.

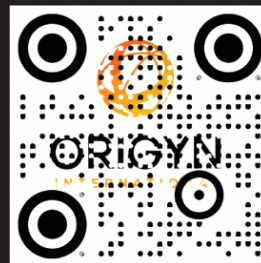

## MARKET LEADERSHIP

- More than 25 years of energy efficiency solution experience
- Capacity to deliver projects ranging from \$30K - \$10M anywhere in North America
- Tens of millions of dollars in energy costs saved for our clients
- Clients ranging from small businesses to Fortune 500 Companies
